Holidays coming!

***SOMETIMES YOU HAVE TO GO OUT OF YOUR USUAL
WAY TO BRING OUT SOMETHING THAT WORTH TO
BE PROUD OF.***

You would find any innovation and great things out there. Like Apple in Steve Jobs era or Indonesia with Soekarno. What they have done steals the public concern. The greatest thing is usually born by the effort which out of the comfort zone. However, happy new year and enjoy the holidays!

SAWI LIEU

*"Noise could be

me. No one never

important or not."
- Sawi Lieu*

It is Rizky Aulia, the man behind every part of Sawi Lieu's sound. Starts making its kind of music since 2008/9, this year, Sawi Lieu has released an album called Pasaraya which is a memorial place of Rizky's childhood. By this album, Sawi Lieu has been reviewed by Jakarta Globe and, yes, the album has also been released by an Oakland, US's label, Constellation Tatsu.

"I might say, pop music, as in aesthetics?" Rizky says, when we ask about how he calls Sawi Lieu's music. He also tells how he has listened to many kinds of music. Those music's sounds sometimes tickle him out and purpose him to build layers of Sawi Lieu's song. "There are top 5 albums which makes you remember how days are gone and falling apart, Flamingo Breeze by Matrix Metals (2009), Flowers Are Offered by Tuluum Shimmering (2010), The Coconut Pearl by Dreamers Cloth (2008), Untitled (A.K.A Ultimate Reality Has Been Seen And Has Been Placed) by Heavens Burst Creation Horizonz (2005), and Bad Timing by Jim O'Rourke (1997)," he closes the chat.

SPAWN

The western lifestyle meets the spiritual imagination. That thing is revealed in the comic and see how the hell and heaven are interrupted by a man named Al.

A trained assassin called Al Simmons has promoted to a high position in the CIA. Al is a commonly genius agent who feels "something's wrong" in the government before in the end he has been murdered by his partner in order of high powered people. Unfortunately (or fortunately), Al has to go to the hell because he has killed innocents when he was a CIA agent.

HELL'S DAYS

In the hell, Al meets Malebolgia which known as a high level demon and deals with it to see his wife Wanda Fitzgerald in the real world. The deal has happened. Al is going back to the real world. After struggling to remember the memories which all gone, he finds out Wanda has moved on and got

married with Terry Fitzgerald, his best friend. A demon called Violator, who has been known as a guide, appears and has a terrible fight with Al (that already has a Spawn's form). Spawn's new life finally happens to be done.

COMIC AND OTHER FEATURES

It is Todd McFarlane who has created the story and the character of Spawn. Spawn is an anti-hero character of a comic that is released by Image Comics. The story is about a personal new life of Al Simmons that is shown any violence in the story. Spawn has gained its popularity in earlier 1990 and also been released in animation series and adapted to the box office movie in the '90s era.
